

Timing Rules for EDJBA Saturday Competition Games.

The game consists of two 20 minutes halves.

The clock does not stop in the first half.

In the second half, the clock is stopped in the last 2 minutes whenever the Referees whistle is blown.

The clock should stop as soon as the whistle is blown and restarted once the ball is back in play.

If the clock hits the 2 minute mark during a timeout, substitution or free throw, the clock stops on the 2 minute mark and is restarted once the ball is back in play.

Scorers are officials of the game and must show impartiality. Meaning no barracking for your team from the score bench.
